Friday, August 14

Symposium: Hypnosis and Recall Memory
8:00-8:50
San Francisco Marriott
Nob Hill Room B
Chair: Arreed F. Barabasz, PhD, Washington State University
Participants:
Arrests and Convictions from Memory Reconstruction. Arreed F. Barabasz, PhD, Dennis Warner, PhD, Washington State University.
A Comparison of EMDR and Hypnosis. Rebecca Alexander, PhD, Marianne Barabasz, EdD, Dennis Warner, PhD, Washington State University.
Effects of Hypnosis on Recall Memory: Forced and Non-Forced Conditions. Diane Fligstein, PhD, Arreed F. Barabasz, PhD, Marianne Barabasz, EdD, Michael Trevisan, PhD, Dennis Warner, PhD, Washington State University.

Invited Address: Altered States of Consciousness: A Thirty Year Perspective
Speaker: Charles T. Tart, PhD, University of Nevada
11:00-11:50
Moscone Center South Building Room 250
Chair: Etzel Cardena, PhD, USUHS.

Conversation Hour with Charles T. Tart, PhD.
12:00-12:50
Division 30 Hospitality Suite
San Francisco Marriott

Invited Address: The Effect of Position Papers on Judicial Rulings
Speaker: Alan Schefflin, JD, Santa Clara University
2:00-2:50
San Francisco Marriott
Nob Hill Room A
Chair: Edward Frischholz, PhD, Private Practice, Chicago.

Saturday, August 15

Symposium: Counseling Psychologists of the 21st Century: Hypnosis Training is Crucial
8:00-8:50
San Francisco Marriott
Division 17 Hypnosis Special Interest Group Business Meeting
10:00-10:50
Division 30 Hospitality Suite
San Francisco Marriott

Symposium: The Varieties of Anomalous Experience
10:00-11:50
San Francisco Marriott
Yerba Buena Salon 3
Chair: Stanley Krippner, PhD, Saybrook Graduate School.
Participants:
Psychological Aspects of Lucid Dreaming. Jayne Gackenbach, PhD, Athabasca University.
Past Life Reports as Anomalous Experience. Antonia Mills, PhD, SUNY-Binghamton.
Reports of Anomalous Healing: Experiences and Outcomes. Jeanne Achterberg, PhD, Stanley Krippner, PhD, Saybrook Graduate School.
Psi-Related Experiences: Research Directions and Clinical Perspectives. Elizabeth Targ, MD, Jerry Solfvin, PhD, California Pacific Medical Center, Marilyn Schlitz, PhD, Institute of Noetic Sciences.
The Enigma of Out-of-Body Experiences. Carlos Alvarado, PhD, University of Edinburgh.
Close Encounters of the Third Kind: The Alien Abduction Experience Examined. Steven J. Lynn, PhD, SUNY-Binghamton, Stuart Appelle, PhD, SUNY-Brockport, Leonard Newman, PhD, University of Illinois.
Discussant:
Etzel Cardena, PhD, USUHS.

Conversation Hour: Integrating Hypnosis into Counseling Psychology Training Programs.
Steven Dubrow-Eichel, Ph.D.
11:00-11:50
Division 30 Hospitality Suite
San Francisco Marriott
Invited Address: Thirty Years of Psychological Hypnosis: An Anniversary Address.
Speaker: James R. Council, PhD, North Dakota State University.
1:00-1:50
San Francisco Marriott
Yerba Buena Salon 3
Chair: Steven J. Lynn, PhD, SUNY-Binghamton.

Woman's Clinical Hypnosis Case Conference.
Marlene Eisen, Ph.D., Billie Strauss, Ph.D.
1:00-2:50
Division 30 Hospitality Suite
San Francisco Marriott

Presidential Address: The Ubiquity of Dissociation: Implications for Integrated Health Care.
Speaker: Stanley Krippner, PhD, Saybrook Graduate School.
3:00-3:50
San Francisco Marriott
Yerba Buena Salon 13
Chair: Arreed F. Barabasz, PhD, Washington State University.

Division 30 Meeting: Awards Presentation and Business Meeting
4:00-4:50
San Francisco Marriott
Yerba Buena Salon 13

Social Hour!
5:00-5:50
San Francisco Marriott
Yerba Buena Salon 15

Sunday, August 16

Women's Eating Disorders Case Conference.
Lynne Hornyak, PhD, Marianne Barabasz, EdD
9:00-10:50
Division 30 Hospitality Suite
San Francisco Marriott

Symposium: Contemporary Applications of Hypnotically-Facilitated Counseling and Psychotherapy: Race, Ethnicity and HIV/AIDS
10:00-10:50
Moscone Center South Building Room 232/234
Chair: Stanley Krippner, PhD, Saybrook Graduate School.
Participants:
Developing a Hypnotic Approach as Adjunct Treatment for HIV/AIDS. Kirwan
Rockefeller, PhD, Paradigm Partners.
Hispanic and Euro-American Differences in the Perception of Hypnosis: Clinical Observations. Guillermo Bernal, PhD, Medical College of Ohio.
African-American and Euro-American Differences in the Perception of Hypnosis: Clinical Observations. Donadrian Rice, PhD, University of West Georgia.
Discussant:
Darlene Osowiec, PhD, Private Practice, Chicago.

Invited Address: Mental Imagery: Bridge to the Mind and Body.
Speaker: Jeanne Achterberg, PhD, Saybrook Graduate School.
11:00-11:50
Moscone Center South Building Room 224
Chair: Arreed F. Barabasz, PhD, Washington State University.

Symposium: Hypnosis, MPD, FMS - A Trinity of Affinity.
1:00-2:50
Moscone Center South Building Room 270
Chair: Marianne Barabasz, EdD, Washington State University.
Participants:
Manufacturing MPD: The Case of Sybil. Robert W. Rieber, PhD, John Jay College and Graduate Center.
Shaping vs. Creating: Iatrogenic Considerations in the Treatment of DID. Edward Frischholz, PhD, Private Practice, Chicago.

3:00-3:50
Moscone Center South Building Room 238
Chair: Linda Russell, MA, Washington State University.
Participants:
Psychological Effects of Supportive Group Therapy for Breast Cancer Patients. David Spiegel, MD, Stanford University.
Caring for Cancer Patients: Promises We Can Keep. Marica Greenleaf, MD, Beth Israel Medical Center.

Monday, August 17

9:00-10:50
San Francisco Marriott
Yerba Buena Salon 3
Chair: Thomas Nagy, PhD, Stanford University Medical School.
Participants:
The HRMTP in the Prediction of the Efficacy of Relaxation Induction and the
Dissociation of Verbal Report and Physiological Measures of Relaxation. Patricia Ann Rosett, RN, University of Guam.
Discussant: Ian Wickramasekera, PhD, Saybrook Graduate School.

Symposium: EEG Substrates of Hypnotic Responding.
11:00-11:50
San Francisco Marriott
Yerba Buena Salon 12
Chair: Robert Freeman, PhD, Washington State University-Tri Cities.
Participants:
Relationship Between QEEG Relative Power and Hypnotic Susceptibility. Doil D. Montgomery, PhD, Kimberly V. Dwyer, MS, Shannon M. Kelly, Nova Southeastern University.
Effects of Alternative Hypnotic Instructions on EEG Event Related Potentials. Stacia Jensen, PhD, Brooke Army Medical Center, Arreed F. Barabasz, PhD, Marianne Barabasz, EdD, Dennis Warner, PhD, Michael Trevisan, PhD, Washington State University.
Effects of Restricted Environmental Stimulation on EEG, Pain and Hypnotizability. Michael Trevisan, PhD, Dennis Warner, PhD, Jennifer Jaeger-Darakjy, PhD, Marianne Barabasz, EdD, Arreed F. Barabasz, PhD, Washington State University.
Quantitative EEG Differences Between Dissociation and Distraction During Cold Pressor Pain. Robert Freeman, PhD, Washington State University-Tri Cities, Dennis Warner, PhD, Arreed F. Barabasz, PhD, Marianne Barabasz, EdD, Washington State University.
Discussant: Ian Wickramasekera, PhD, Saybrook Graduate School.

Symposium: Suggestibility and False Memories: Hypnotic and Non-Hypnotic Shaping Factors.
12:00-12:50
San Francisco Marriott
Nob Hill Room A/B
Chair: Mitchell L. Eisen, PhD, California State University - LA.
Participants:
Group, Normative, and Hypnotic Influences on Early Autobiographical Memory Reports. Lisa R. Marmelstein, MS, Steven J. Lynn, PhD, Bonnie Hawk, MS, Jane Stafford, MS, Timothy Lock, MS, Rachael Fite, Elisa Krackow, MSW, Kelley Schindler, State University of New York - Binghamton.
The Role of Social Factors in Mediating Between Hypnotizability, Dissociation, and Suggestibility. Mitchell L. Eisen, PhD, California State University - LA, David Nicosia, MA, Adrienne Breitbart, MA, William Krause, MA, Daniel Marginian, MA, Kathy Knorr, MA, Northwestern University.
Cultural Scripts, Satanic Ritual Abuse, and Multiple Identities: A Study of Role-Played Enactments. Jane Stafford, MS, Steven J. Lynn, PhD, Timothy Lock, MS, Lisa R. Marmelstein, MS, Bonnie Hawk, MS, Binghamton University, Bryan Myers, PhD, University of Northern Iowa.

**Invited Address: Neurotherapy: Psychophysiologicaly Modulated States.**
Speaker: Barry Sterman, PhD, EEG Spectrum.
1:00-1:50
San Francisco Marriott
Nob Hill Room A/B
Chairs: Marianne Barabasz, EdD, and Arreed F. Barabasz, PhD, Washington State University.

**Symposium: Sexual Abuse Memories.**
2:00-2:50
San Francisco Marriott
Yerba Buena Salon 13
Chair: Joseph Green, PhD, Ohio State University.
Participants:
Repressed/False Child Sexual Abuse Memories: A Survey of Therapists. Mark D. Kamena, PhD, Private Practice, San Rafael.
Sexual Abuse and Hypnosis: Exploring the Relationship to Svengali. David P. Walling, PhD, Psychiatric Management Resources, Jean M. Goodwin, MD, University of Texas Medical Branch.
Recalling First Memories and the Hypnotic Context: Another Look. Joseph Green, PhD, Ohio State University.

**Conversation Hour: Neurotherapy and Hypnosis.**
Berry Sterman, Ph.D., Arreed Barabasz, Ph.D.
2:00-2:50
Division 17 Hospitality Suite
San Francisco Marriott
Hosted by Division 17

**Symposium: Measurement of Hypnotizability.**
3:00-3:50
San Francisco Marriott
Yerba Buena Salon 15
Chair: Michael Trevisan, PhD, Washington State University.
Participants:
An Adapted Waterloo-Stanford Scale for Large Groups. Robert A. Page, PhD, George W. Handley, PhD, Ohio State University.
Predictors of Hypnotizability, Hypnotic and Nonhypnotic Suggestibility. Wayne
Symposium: The Effects of Stress and Trauma on Children's Memory and Suggestibility.
3:00-4:50
Palace Hotel
Concert Room
Chairs: Gail S. Goodman, PhD, University of California - Davis, and Mitchell L. Eisen, PhD, California State University - LA.
Participants:
Stress and Children's Reports of Personally-Experienced Medical Procedures. Lynn Baker-Ward, PhD, California State University - LA, Peter A. Ornstein, PhD, Betty N. Gordon, PhD, University of North Carolina.
Examining the Interactive Effects of Stress and Dissociation on Maltreated Children's Event Memory. Mitchell L. Eisen, PhD, California State University - LA, Gail S. Goodman, PhD, Jain Qin, MA, University of California - Davis, Susan L. Davis, MA, University of Illinois.
Children's Recall on Stressful and Positive Events. Robyn Fivush, PhD, Emory University.
Discussant:
Peter A. Ornstein, PhD, University of North Carolina.

Tuesday, August 18
Symposium: The Varieties of Dissociative Experience.
9:00-10:50
Moscone Center South Building Room 274/276
Chair: Stanley Krippner, PhD, Saybrook Graduate School.
Participants:
History of Dissociation in Western Psychology: Comparing Across the Centuries. Peggy Wright, MEd, Lesley College.
The Etiologies of Dissociation. Etzel Cardena, PhD, USUHS, Mark Ommeron, Ph.D., Kathmandu, Nepal.
Dissociation as the Psychophysiological Interaction of Hypnotic Ability and Negative Affect. Ian Wickramasekera, PhD, Saybrook Graduate School.
Dissociation in Terror and Death: The Hypnoid State Revisited. Daniel P. Lapin, PhD, Private Practice, San Francisco.
The UFO Abduction Experience and Dissociation. Susan Powers, PhD, Woodstock Academy.
Post-Traumatic Stress Disorder: An Existential-Humanistic Perspective. Thomas Greening, PhD, Saybrook Graduate School.
Metaphors in the Narrative of a Dissociative Patient. Michael Barclay, PhD, New Directions Adolescent Services.
Discussant:
Stanley Krippner, PhD, Saybrook Graduate School.

**Paper Session: Hypnotic Responses: Alternative Conceptualizations.**
1:00-1:50
Moscone Center South Building Room 270
Chair: Marty Sapp, EdD, University of Wisconsin-Milwaukee.
Participants:
Suggestion as an Art Form: Alternative Paradigm for Hypnosis? Don E. Gibbons, PhD, Center for New Psychology, Khyana Pumphrey, MS, Eric Pitsch, University of Wisconsin-Milwaukee.
State and Trait Depression, Anhedonia, Hypnotizability and Subjective Experience During Hypnosis. Michael S. McCloskey, The University of Southern Mississippi, V.K. Kumar, PhD, West Chester University of Pennsylvania, Ronald J. Pekala, PhD, Coatesville VA Medical Center.

**Symposium: The Applied Use of Hypnosis in Medical Settings.**
2:00-3:50
Moscone Center South Building Room 270
Chair: Jeff Baker, PhD, University of Texas Medical Branch.
Participants:
The Applications of Hypnosis in Oncology. Melodee Mancuso, MS, University of Texas Medical Branch.
Hypnosis and Hypertension. Dennis Warner, Washington State University
Principles and Practice of Hypnosis with Chronic Pain. Rod Hetzel, PhD, University of Texas Health Science Center.
Hypnosis and the Immune System. Melodee Mancuso, MS, University of Texas Medical Branch.
Hypnosis with Hospitalized Children. Julie Smith, PhD, Children's Hospital.
Discussant:
Dennis Warner, PhD, Washington State University.

**Symposium: Effects of Hypnosis on Disease Processes.**
4:00-4:50
Moscone Center South Building Room 222
Chair: Eric M. Hampton, MA, Washington State University.
Participants:
The Impact of Absorption on Subjective and Objective Physical Stress. Olafur S. Pallson, PsyD, Brenda K. Downing, MS, Eastern Virginia Medical School.
Hypnosis and the Gastrointestinal Tract. Olafur S. Palsson, PsyD, Eastern Virginia Medical School.
Designing a Test of Hypnosis for Papillomavirus. Linda Russell, MA, Dennis Warner, PhD, Arreed F. Barabasz, PhD, Washington State University.
