# PsycINFO® LA PSICOLOGÍA Y EL DERECHO

Aplicaciones Interdisciplinarias

## INTRODUCCIÓN

La base de datos bibliográfica PsycINFO, publicada por la Asociación Americana de Psicología, tiene mucho que ofrecer a investigadores, docentes, estudiantes y profesionales de una amplia gama de disciplinas. PsycINFO puede usarse como una valiosa herramienta de búsqueda para la psicología y las ciencias del comportamiento. Pero su importancia en otros campos, como el legal, aumenta permanentemente. Los profesionales jurídicos encontrarán literatura valiosa, actualizada y práctica. Algunos de los temas presentes en la base de datos son el derecho civil, derecho penal, psicología forense, selección de jurados, testigos expertos, aplicación de la ley, leyes de control de armas de fuego y justicia juvenil, entre muchos otros temas.
