## Recommend APA Journals to Your Library

Welcome to the 2012 Periodicals Catalog of the American Psychological Association. We trust that you find our APA journals are valuable resources.

If your institution does not subscribe to our scholarly journals, we ask you to recommend to your library that it carry one or more of the APA journals listed in the enclosed catalog.

Please complete and detach the card below, and send it to your librarian to ask that they carry the journal(s) you and/or your department needs.
