Greetings Division 42 Colleagues,

On behalf of the Division 42 Board of Directors and especially our 2011 Program Chair, Dr. Rachel Gaillard-Smook, it is my great pleasure to share with you our Division 42 Programming for the 2011 APA Conference to be held August 4-7 in Washington D.C.

I am very proud of our extensive array of skill building programs, symposium and poster sessions, all specifically designed to help your practice thrive in this 21st Century Marketplace. Please take a few minutes to check out all our impressive offerings. Even if you’ve never attended before, now is the perfect time to come to Convention. Invest in your practice; develop new cutting edge skills and network with your 42 friends and colleagues at our early career and member social hours.

I am especially excited about our special daylong programming track for students and early career psychologists on August 5, held in the Penn Quarter A Room of the Grand Hyatt Hotel. As part of this track, we will be featuring our very first Mentorshoppe Luncheon. If you are seeking help in starting your practice, please be sure to join us for this lunch. It could be the best decision you ever made in your practice career.

Whether you are a student, early or mid career psychologist or a seasoned expert, I know that you will be stimulated, intrigued and inspired by attending our programs and connecting with your 42 Community. I very much look forward to seeing you in Washington, D.C.!

Warm Regards,

Nancy Molitor, Ph.D.
