

Clinical Practice Guideline Initiative

CONFLICT OF INTEREST POLICY

AND

DECLARATION OF INTERESTS

**Supplementary Instructions for Current and Prospective Members
of the Advisory Steering Committee**

Several questions in the Declaration of Interests refer to “the topic(s) of the guideline(s) that you will be involved in developing or overseeing.” For purposes of your responses, these include the following topics:

- 1) Topics of APA clinical practice guidelines that were recently developed or adopted, are being updated, or are currently under development or planned for development:
 - Chronic musculoskeletal pain (*under development*)
 - Depression (*approved by APA Council Feb. 2019*)
 - Obesity (*approved by APA Council March 2018*)
 - PTSD (*approved by APA Council Feb. 2017; update is under development*)
- 2) Topics of APA clinical practice guidelines that the Advisory Steering Committee has recently considered for development, including:
 - ADHD in children and adolescents
 - Borderline personality disorder
 - Child trauma
 - Couples’ distress
 - Dissociative Identity Disorder
 - Disruptive Behavior Disorders
 - Eating disorders
 - Emotion regulation
 - Gambling Disorders
 - Generalized anxiety disorder
 - Personality disorders
 - Suicide in children and adolescents
- 3) Any other topics that you are considering proposing for potential guideline development by APA (*including topics for systematic reviews that may serve as the foundations for subsequent guidelines development*).
