LEVERAGING RESEARCH SKILLS IN BUSINESS AND NONPROFIT SETTINGS (AUGUST 28, 2025)

SESSION DESCRIPTION

Psychological scientists offer skills and training that are highly valued across a wide range of industries. Join us for a discussion with a panel of experienced professionals who will share strategies for translating research training into roles in business, nonprofit organizations, and professional services. This webinar is part of a series on [Professional Resilience in Changing Times](#) and is a collaboration with APA's [Essential Science Conversations](#) -- where panelists and audience members engage in an open dialogue about emerging topics in psychological science.

Any opinions, findings, and conclusions or recommendations expressed by the presenters in this webinar do not necessarily reflect the views, policies or positions of the American Psychological Association.

RELATED RESOURCES

During the discussion, panelists referenced the following resources:
