

Fellowship Criteria

Division 34 Population and Environmental Psychology

Please provide an up-to-date vita and 250-500 words specifying your impact related to the focus of Div 34, as reflected in your scholarly, teaching, and community-engaged action research contributions. Also desirable is evidence of participation in service activities that are central to Div. 34's mission including Div. 34 activities (e.g., leading symposia or presenting papers at Div. 34 conference events or participation in Div. 34 committees and leadership roles), APA-wide initiatives (e.g., on sustainability, climate change, urbanization, population growth, etc.), and liaising with relevant professional organizations (e.g., conservation biology, UN, BECC, etc.).
