

Exposure With Response Prevention Practice Form

Date: _____

Instructions: Before you begin your practice, circle or darken the number corresponding to your fear/anxiety/discomfort in the **B** (Before) column. Then, rate your fear/anxiety/discomfort every _____ minutes by circling or darkening the number corresponding to your fear/anxiety/discomfort. You may stop your practice after _____ minutes or when you notice your fear/anxiety/discomfort rating decreases to half of the highest value during the practice (i.e., If 6 is the maximum distress level during a practice, continue until the distress rating is 3). Not having distress ratings decrease does not mean that exposure practices are not working.

Your task for this practice is to _____
