

ACTIVITY 7.1

The Gender Unicorn

Directions: Use this activity in psychoeducational groups or larger community settings. Give a copy of the figure of the Gender Unicorn (from <http://www.transstudent.org/gender>) to each learner and ask him or her to place him- or herself on each of the lines by placing an X on each line. Facilitators can then process questions about what different lines mean, how learners decided where to put themselves on each line, and so forth.
