

Families, Systems, & Health Author Agreement Checklist

Corresponding authors should follow this checklist to ensure proper submission of the manuscript. Please pay careful attention to all items on this checklist to facilitate processing of your submission and to decrease the chance that your submission will be returned. However, **do not** submit the checklist with your submission. We provide it to help you create a submission that will successfully make it through manuscript screening.

Please check the following:

- ☐ I attest that this manuscript is not being considered by another journal nor has it been published elsewhere; I will include a statement to this effect in the cover letter.
- ☐ I have included a cover letter AND title page that contain the names and contact information of all authors, including the corresponding author. Inclusion of author information indicates that these individuals have provided appropriate contributions to this work (see APA guidelines) and have agreed to be an author.
- ☐ This manuscript has been prepared consistent with the [*APA Publication Manual \(6th edition\)*](#) .
- ☐ I have read the Instructions to Authors on the [*Families, Systems, & Health website*](#) and have adhered to the following:
 - 1. The word length criterion for my submission category as described in the “Instructions to Authors” has been met. The word limit does not include the abstract, tables, figures, or references. **I have noted the word count on the title page.**
 - 2. I have included a structured abstract consistent with the guidelines set forth in the “Instructions to Authors.”
 - 3. The number of tables or figures and references is within the limits noted by the Instructions to Authors for the submission category I have chosen.
 - 4. If my paper is being submitted as a Brief Report, Brief Comment, Extended Comment, or Invited Response, I have followed the specific instructions in its preparations. If I am submitting a Brief Report, I agree that a full report has not/will not be submitted to another journal.
