A get-started-right-away idea!

Before breakfast he made a sketch—a quick sketch, but a useful one.

It showed him one or two little things he needed to work out.

So before breakfast, he made a model.
He tweaked here and adjusted there,
and was more sure than ever that his
idea was truly amazing.

So before breakfast,
he got out all his
materials and—

“Sawyer, you still
haven’t eaten
breakfast?”
