BAND TOGETHER

written and illustrated by Chloe Douglass

Duck lived by himself.

Most days Duck fished, ate lunch,

combed the beach, made tea by himself...

...Duck was a solo act.

Duck was so used to
being by himself,

he found making friends
a little bit overwhelming.

Heading home one afternoon, Duck heard a call.

"Hi! Can you lend a wing?"
Duck wanted to shy away but ...

Duck couldn't think of a reason quickly enough to say no.
And before he knew what he was doing,
Duck was joining in celebrating the van being fixed!

"Thanks so much," said Fox.
"We're playing a concert tomorrow," said Bear.
"It'd be great to see you again," said Seagull.
