FREE Resources for Undergraduate Students

SCAN THE QR CODE OR VISIT [APA.ORG/EDUCATION-CAREER](https://apa.org/education-career) TO LEARN MORE

APA has many free resources for undergraduate students who are interested in psychological science. You can learn about the different subfields in psychology; find research opportunities and internships; identify the employer-valued skills that psychology majors develop through their program of study; get tips and support using APA style in your academic writing; select programs and apply to graduate school; and explore job options.
