- 01 **Direct Human Services.** Includes diagnosis and assessment, psychotherapy, counseling and guidance, school psychological services, prevention and consultation.
- 02 **Administration of Human Services.** Includes the management of a program of human services. Although you may be directly involved in the delivery of human services, your primary responsibility is administering human service activities, including supervising human service personnel.
- 03 **Applied Psychology.** Includes the practice of industrial/ organizational psychology, personnel selection or assessment, systems or equipment design, organizational consultation, analysis or training.
- 04 **Administration of Applied Psychology.** Includes the management of an applied psychology organization or program, such as a consulting firm specializing in industrial/organizational psychology. Although you may be directly involved in applied psychology activities, your primary responsibility is administering the program, including supervising personnel.
- 05 **Educational Administration.** Includes college or university administrative positions (such as president, provost, asst. dean, etc.) although you may also have a faculty appointment. Does not include department chair. Includes superintendent of school district or other administrative position related to education.
- 06 **Research.** Includes basic or applied research in any field. Includes non-faculty research positions, and work in government or private research laboratories and institutes.
- 07 **Administration of Research.** Includes the management of a research organization or program. Although you may be directly involved in research design, data collection, and so forth, your primary responsibility is administering research activities, including supervising research personnel.
- 08 **Faculty position.** Includes teaching and/or research activities appropriate to your academic setting. Includes Chair/Department Head.
- 09 **Other Administrative Position.** Includes management of a business, government agency, or non-profit organization that cannot be described as the direct administration of educational, research, human services, or applied psychology. Often this type of position is related to psychology, such as administering a government program to fund psychological research. Includes policy or program development or review, personnel administration, and budgeting.
- 10 **Other Position.** Includes any type of position that cannot be reasonably assigned to the above categories (e.g., sales, publishing, secondary school teacher)
