Source: 1999 Salaries in Psychology. Research Office, American Psychological Association. 2000.

Note: Salaries for faculty and independent practice are reported on a 9-10-month and 11-12-month basis, respectively. Conversions from a 9-10-month to 11-12-month period can be done by multiplying by 11/9. Converting from 11-12-month salaries to 9-10-month salaries can be done by multiplying by 9/11.

These statistics do not account for regional differences in cost of living.

The states of Idaho, Montana, Nebraska, New Mexico, North Dakota, Vermont, West Virginia, and Wyoming have been excluded due to an insufficient N size.

*Indicates insufficient N size.
