REMEMBER, THE APPLICATION DEADLINE IS JANUARY 15, 2020,
           11:59pm Hawaiian Time
GENERAL INFORMATION

This document provides you with instructions for completing the Mental Health Services and Substance Abuse Services (MHSAS) doctoral application. Please review the instructions carefully and thoroughly. Following the instructions will help you put together the very best application possible. At all times, use language that is clear and concise. As a precaution, and for your own future reference, keep a copy of all application materials.

Students receiving support under the MFP MHSAS program will be required to document that they received some training or exposure in the following areas:

A. Delivering behavioral health services to racial/ethnic minorities, which can include services for: (1) adults with serious mental illness, (2) children with serious emotional disturbance, (3) older adults, or (4) rural populations;
B. Cultural competency;
C. Addictions prevention and/or treatment (refer to the Addictions Training Plan instructions near the end of this document for details).

Please note that you are not required to specialize in addictions to receive this fellowship. However, all Fellows must receive training in addictions for each year of funding.

Please note that accepted fellows will be required to sign a letter of commitment attesting that they will work for a period of two years after graduation in a capacity that addresses the behavioral health needs of racial and ethnic minority populations (further details will be provided upon acceptance as an MFP Fellow).

BASIC ELIGIBILITY

Individuals selected to participate in the MHSAS Doctoral Fellowship Program must be United States citizens, non-citizen nationals of the United States, or permanent residents prior to the submission of the application. Non-citizen nationals are persons born in lands which are not States but which are under U.S. sovereignty, jurisdiction, or administration (e.g. U.S. Virgin Islands, American Samoa, etc.). Individuals who are not U.S. citizens must upload with their application any of the following documents that will provide legal verification of admission for permanent residence: a permanent resident card; permanent resident visa (I-151 or I-551); certificate of non-citizen national status; birth certificate; U.S. passport; or other legal verification of admission for permanent residence. Individuals on temporary or student visas are not eligible.

LIST OF REQUIRED MATERIALS

A complete MFP application includes the following required documents. All documents must be submitted online. We do not accept emailed, faxed or mailed documents.

- Brief Cover Letter (no more than 1 page)
- Online Application
- Addictions Training Plan (no more than 1 page)
- Two Essays
- Curriculum Vitae
- Three recommendations (If you are in a doctoral program, one of the recommendations must come from your current graduate advisor or faculty who is responsible for your overall graduate training and another should be from a clinical supervisor or faculty/staff who is responsible for your overall clinical training.)
- Unofficial Transcripts (NOTE: you must upload your transcript that is NOT a secured document; **secured transcripts are password protected, encrypted or documents requiring a code for viewing. If your school only issues secured documents for unofficial transcripts, you must print out and scan in your unofficial transcript so that it is no longer a secured document. Failure to follow these directions may result in an unfavorable review of your application!**)
- GRE Scores* (if applicable - see the GRADUATE RECORD EXAM SCORES section at the end of this document for our institution and department codes). These may be ordered and sent to MFP through ETS or a copy may be uploaded through the online system by the applicant. If ordered through ETS to be sent to MFP, these scores will be electronically recorded and do not need to be re-uploaded.
- Permanent Resident Card for applicants who are permanent residents.
- Non-Citizen Nationals only may submit other legal verification of status. These may be uploaded through our online system.

**REMEMBER, THE DEADLINE FOR ALL MATERIALS IS JANUARY 15, 2020, 11:59pm Hawaiian Time**

**MHSAS POLICY FELLOWSHIP**

Applicants who have experience or an interest in behavioral health policy may request to be considered for the Policy Fellowship on the application form. Fellows in this track will have an opportunity for a paid summer internship at SAMHSA.

**Please note:** if you are **NOT** available this summer for the summer paid internship at SAMHSA, you are **NOT** eligible for the MHSAS Policy Fellowship.

**Please note:** to be eligible for the SAMHSA summer internship, you must submit a separate application to SAMHSA in addition to your MFP application. Please visit https://www.hacu.net/hacu/HNIP.asp. The application for SAMHSA’s summer internship is due on February 14, 2020 before MFP application decisions are made.

This intern will work in the Office of the Administrator at SAMHSA with the senior advisor on Children and Families who is also director of the SAMHSA Office of Behavioral Health Equity. Specific responsibilities and projects will be determined based on agency priorities as well as individual experience and interests.

SAMHSA's Office of the Administrator provides leadership in the development of agency policies and programs; maintains liaison with the Office of the Secretary of Health and Human
Services on matters related to program and other activities; provides oversight for coordination between SAMHSA and other Federal agencies in the areas of alcohol, drug abuse, and behavioral health; analyzes legislative issues, and maintains liaison with congressional committees; coordinates Agency communications and conducts public affairs activities.

This would provide Fellows with a unique opportunity to work in a high-level office at the center of the public behavioral health system. During the internship, the intern may be involved with new administration initiatives, including the intersection of behavioral health and health reform, children, youth, and families, reducing health disparities and a number of other issues. As behavioral health issues affect other systems including justice, education, and health, this position will likely also offer the opportunity to interact with some of these fields and Departments as well.

DISCLAIMERS

Please be advised that all fellowship awards are subject to future funding from the Substance Abuse and Mental Health Services Administration (SAMHSA).

Please be advised that if selected as a Fellow, MFP has the right to access personally identifiable information from education records regarding your academic status, without your consent, in order to assist MFP in determining the Fellow’s eligibility for the fellowship, the amount of aid, and the terms and conditions of the aid. This policy is in accordance with the Family Educational Rights and Privacy Act (FERPA; section “Disclosure of Education Records,” paragraph 5).

TIPS FOR APPLICANTS

1) Begin preparing your application as early as possible.
2) Consult with your advisor or mentor while preparing your application. Your advisor can provide you with valuable suggestions and guidance.
3) Make sure your program and/or department officials know that you are applying for this fellowship. Some departments require coordination with their students on application and award logistics.
4) Share the application instructions with your advisor, mentor, and others who will be submitting recommendations on your behalf so they will know the requirements.
5) Read the instructions and the FAQs thoroughly prior and during the application process.
6) If you contact our office for assistance with preparing your application, please make note of the date you contacted us, the question you asked or assistance you sought, and the name of the person with whom you spoke.
7) Save your work often! The system will time out after 20 minutes of inactivity.

COPYING LAST YEAR’S APPLICATION

If you applied last year, you may wish to “clone” your application. This will allow all of the data from your application form last year, including supporting uploads, to appear in your application form for this year. Please contact the MFP office via telephone or email to request your application to be cloned.
**Please note:** the application form may slightly change from year to year. Thus, any new questions will require an answer. For example, the Education Tab features a Current Education section and a Previous Education section. **If you have changed institutions since you last applied, you may need to move your current institution to the new Current Education section and delete your current institution from the Previous Education section.** We additionally strongly encourage you to preview your transcript uploads from last year and consider updating them to reflect any new experiences and/or accomplishments.

**SUBMITTING YOUR APPLICATION ONLINE**

All applications and recommendations must be submitted via our online application system. For more information, visit our web site: [http://www.apa.org/pi/mfp](http://www.apa.org/pi/mfp).

**DEADLINE IS JANUARY 15, 2020, 11:59pm Hawaiian Time**

* If you or your recommender have extenuating circumstances that require special accommodations, please contact the MFP Office and we will work with you to make sure your application/recommendation is submitted.

Please refer to the second tab on the application system’s welcome page, titled “Application Process” for instructions on how to register in our system and create an application. You will be able to save your progress while completing the application.

Set your email spam filter to accept messages from mfp@apa.org.

**Save your work often! The system will time out after 20 minutes of inactivity.**

**Guidance on Application Questions**

### Applicant Tab

<table>
<thead>
<tr>
<th>Question</th>
<th>Instructions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Suffix:</td>
<td><strong>Suffix</strong> is anything that comes after your full name such as “Jr.” or “III”.</td>
</tr>
<tr>
<td>Previous (Maiden) Name:</td>
<td>If any of your application materials (including GRE reports) are listed under a different name, enter your previous name.</td>
</tr>
<tr>
<td>E-mail Address:</td>
<td>Your primary email address must be the one with which you registered. You may add a secondary email address.</td>
</tr>
<tr>
<td>Citizenship:</td>
<td>If you are not a U.S. citizen, please explain your citizenship in the box provided.</td>
</tr>
</tbody>
</table>

If you are a permanent resident with a permanent registration card, you must provide a copy of your card. Non-Citizen Nationals are also required to submit verification of status. You may scan it into a PDF file and upload it to this part of the application after the citizenship explanation.
**Non-Citizen National** refers to those born in US outlying territories, or born to a non-citizen national parent.

**Individuals on temporary or student visas are not eligible.**

## Demographics Tab

<table>
<thead>
<tr>
<th>Question</th>
<th>Instructions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Ethnicity &amp; Race:</td>
<td>This question is based on self-definition and identification. More than one response is permitted.</td>
</tr>
<tr>
<td>Family Income:</td>
<td>The U.S. Department of Health and Human Services has expanded the definition of individuals who come from a family with an annual income below established low-income thresholds. These thresholds are based on family size, published by the U.S. Bureau of the Census; adjusted annually for changes in the Consumer Price Index; and adjusted by the Secretary for use in all health professions programs. The Secretary periodically publishes these income levels at <a href="http://aspe.hhs.gov/poverty/index.shtml">http://aspe.hhs.gov/poverty/index.shtml</a>. For individuals from low-income backgrounds, the institution must be able to demonstrate that such candidates (a) have qualified for Federal disadvantaged assistance; or (b) have received any of the following student loans: Health Professional Student Loans (HPSL), Loans for Disadvantaged Student Program; or (c) have received scholarships from the U.S. Department of Health and Human Services under the Scholarship for Individuals with Exceptional Financial Need.</td>
</tr>
<tr>
<td>Disability:</td>
<td>Individuals with disabilities are defined as those with a physical or mental impairment that substantially limits one or more major life activities. More than one response is permitted.</td>
</tr>
<tr>
<td>Veteran Status</td>
<td>Below are the following classifications of protected veterans:</td>
</tr>
<tr>
<td></td>
<td>• A “disabled veteran” is one of the following:</td>
</tr>
<tr>
<td></td>
<td>• a veteran of the U.S. military, ground, naval or air service who is entitled to compensation (or who but for the receipt of military retired pay would be entitled to compensation) under laws administered by the Secretary of Veterans Affairs; or</td>
</tr>
<tr>
<td></td>
<td>• a person who was discharged or released from active duty because of a service-connected disability.</td>
</tr>
<tr>
<td></td>
<td>• A “recently separated veteran” means any veteran during the three-year period beginning on the date of such veteran's discharge or release from active duty in the U.S. military,</td>
</tr>
</tbody>
</table>
An “active duty wartime or campaign badge veteran” means a veteran who served on active duty in the U.S. military, ground, naval or air service during a war, or in a campaign or expedition for which a campaign badge has been authorized under the laws administered by the Department of Defense.

An “Armed forces service medal veteran” means a veteran who, while serving on active duty in the U.S. military, ground, naval or air service, participated in a United States military operation for which an Armed Forces service medal was awarded pursuant to Executive Order 12985.

If you believe you belong to any of the categories of protected veterans listed above, please indicate by checking the appropriate box.

### Ed. Status Tab

<table>
<thead>
<tr>
<th>Question</th>
<th>Instructions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Highest Degree:</td>
<td>Refers to all education you have completed; i.e., the level you have already obtained. Select the appropriate degree from the drop-down menu.</td>
</tr>
</tbody>
</table>
| Current Educational Status: | Select your current enrollment status regarding an undergraduate or graduate training program.  
**For all statuses**  
Complete the programs you are currently enrolled in and/or the programs you are applying to for the fall semester.  
**University Name** – use the drop-down menu or begin typing the name of the school to narrow your choices. Contact the MFP office before selecting “Other” if you think your University houses an APA-accredited program but is not on our predefined list.  
**Program Name** – the major area of study within each department (clinical, counseling, school, etc.). The APA-accredited programs at each institution will be available for selection from the drop-down menu. **Contact the MFP office before selecting “Other” if you believe your Program is eligible but is not on our predefined list.**  
**Doctoral Type** – select the type of doctoral degree.  
**Currently enrolled in a doctoral program**  
**Total years in doctoral program** – enter the total number of years that you completed in a doctoral program, including your current year. **Use whole numbers only.** This number should also include |
any years that you transferred from another doctoral program. If your program awards a master’s degree while you pursue a doctorate, include your master’s years in this number.

**Enrolled in a master’s only program, an undergraduate program, or not currently enrolled**

**Status** – select whether your application has been “Accepted” or whether a decision is still “Pending”.

</table>

### Public Policy Tab

<table>
<thead>
<tr>
<th><strong>Question</strong></th>
<th><strong>Instructions</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Would you like to be considered for a MHSAS Policy Fellowship:</td>
<td>Applicants who wish to be considered for a Policy Fellowship must select Yes for the first question and answer the remaining questions on the screen. Applicant answers must: effectively address areas of interest related to policy, outline what the applicant plans to do and how he or she plans to do it. Policy Fellowship recipients are expected to spend the upcoming summer at SAMHSA in a paid internship. <strong>Please note:</strong> if you are <strong>NOT</strong> available this summer for the summer paid internship at SAMHSA, you are <strong>NOT</strong> eligible for the MHSAS Policy Fellowship.</td>
</tr>
</tbody>
</table>

### Recommenders Tab

<table>
<thead>
<tr>
<th><strong>Question</strong></th>
<th><strong>Instructions</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Recommender:</td>
<td>Enter the names and contact information of all recommenders, including your advisor. <strong>If you have co-advisors or co-chairs, they can write one combined letter or submit two separate letters. If they write a combined letter, please advise your recommenders that the letter should indicate that it was written jointly.</strong> If you do not yet have an advisor or are not required to have one, you may include a recommender that oversees your graduate and/or clinical training at your current doctoral institution (e.g., training director, department chair, etc.).</td>
</tr>
</tbody>
</table>
You must click on the “SAVE AS DRAFT” button to save your recommender information and then click on the “Send Email Request to Recommender” button to email your recommenders. This will provide them with the link they need to submit their recommendations. Contact your advisor to ensure that they receive the link to complete their portion of the application. Completed and submitted recommendations are required for your application to remain eligible.

Once your request is sent, a red time stamp will appear with the text, “Awaiting recommendation update”. When the recommendation has been received by our system, this red text will be replaced with the message “Recommendation has been received.” You will also receive an email confirmation indicating the time we received each recommendation.

If your recommender is having issues receiving the email, try an alternate email address for them, or ask your recommender to coordinate with their IT department to allow emails from mfp@apa.org. Sometimes university firewalls prevent them from being delivered.

**Supporting Details & Uploads Tab**

<table>

<th>Instructions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Achievements</td>
<td>You must answer the question regarding how many publications, honors, and volunteer experiences you have. If you do not have any, select “No”. Your poster and research presentations should be included in your CV and not listed in this section.</td>
</tr>
</tbody>
</table>
REQUIRED DOCUMENTS INSTRUCTIONS

Cover Letter
Submit a one-page letter introducing yourself and your application to the Training Advisory Committee. Be advised that the most important information you wish to convey to the Training Advisory Committee should be included elsewhere in your application.

Essays
This is arguably the most important part of your application (details below). Please write two brief essays.

Essay #1 should focus on your specific training interests and career goals.

Essay #2 should focus on your choice of university, training program and advisor/mentor and how your choice relates to racial/ethnic minority behavioral health services or your specific training interests and career goals.

Size and spacing requirements for all essays are as follows: single-spaced with a blank line between paragraphs; one-inch margins (left, right, top, bottom); and a 12-point font size in a TrueType Font setting (such as Times New Roman or Arial). Essays not meeting these requirements will not be favorably reviewed.

Essay #1: Training Interests and Career Goals. Write an essay not to exceed two typed pages describing how your interests and career goals in psychology will contribute to the major objectives of the MFP Mental Health and Substance Abuse Services program. The major goal of the program is to increase the availability of culturally competent behavioral health services provided to racial/ethnic minorities and to increase the number of behavioral health service providers dedicated to racial/ethnic minority communities. Describe how your training, interests, career goals, and cultural identity will contribute to this goal.

This is your opportunity to introduce yourself and your area of interest and describe how you will contribute to the behavioral health outcomes of racial/ethnic minorities. In your essay, you should discuss your current interests in psychology/behavioral health, how your ethnic/cultural identity informs your interests and work, and your related experiences and training to date. You do not have to be an expert in your area of interest, but you should certainly impart some sense of enthusiasm or commitment to that area, as well as an understanding of basic issues.
Essay #2: **Training Setting.** Write an essay not to exceed two typed pages describing why you selected the program you are now attending, or the programs to which you are applying. In addition, provide a rationale for your choice of advisor or mentor at your university. Identify specific faculty, resources, and other training relevant to racial/ethnic minority behavioral health prevention or treatment. Tie this with your specific training interests and career goals described in Essay #1.

Your essay should make a convincing argument that you will receive training related to racial/ethnic minority behavioral health prevention/treatment and that your advisor (or the faculty you would like to work with) has the resources and expertise to guide you in this area. For those applicants who are currently applying to several programs, please select your top two training site choices and direct your response to those particular programs.

**Addictions Training Plan**

All MHSAS Fellows are required to take a minimum of 12 literal hours of focused didactic training on addictions and/or co-occurring issues for each year of MFP funding. **Training must occur between 10/1 and 7/31 of each funding year.** The areas of psychopharmacology (as applicable to addictions), substance use disorders, culture of substance abuse, treatment planning, addictions in the family context, intervention strategies, prevention, and assessment. Trainings on motivational interviewing and gambling addictions (not to exceed 3 hours each unless approved by MFP in advance) are acceptable. Trainings can be received through classes, online courses, attendance at conferences, in-service lectures, etc. One example Fellows take advantage of is completing a course offered by their program in addictions. This alone may satisfy the requirement as we are looking for 12 literal hours, **not credit hours.** MFP will also distribute opportunities that can assist you in completing these hours but we want to ensure you have a plan to fulfill your hours in other ways as well. Fellows will be required to document attendance and to demonstrate clinical applications of their training during the annual progress report process. **Verification of Training includes any of the following:** syllabus; PowerPoint slides; certificate; email from the instructor or the Fellow’s advisor detailing the date(s), number of hour(s), topic(s), and setting(s) of the didactic training(s).

Please note that clinical and research practica will not count towards the required addictions training hours, but structured in-service trainings within those practica will count.

Please upload a one-page document describing how you would fulfill this requirement during your year of support if selected as a Fellow. We are not looking for a second essay; we are looking for concise and specific ways to ascertain that you can get the required training. **A list or table outlining specific didactic trainings and the associated number of hours for your first year of support will suffice. Refer to the two examples of acceptable Addictions Training Plans below for additional information.**

</tr>
</tbody>
</table>
I plan to take a course offered via my program entitled “A Family Systems Perspective on Therapy with Youth Who Have Used Addictive Substances.” This course will examine various family systems models for providing therapy with teens and young adults with addictions. It will be offered for 3 hours each week (11 weeks total) during the fall semester of 2017. Therefore, I will receive a minimum of 33 hours of addictions training during my year of funding.

Note: The recommender who will guide you in your overall doctoral training at your institution will also have to indicate on their recommendation form how they are supporting you with your Addictions Training Plan. This is not a requirement for applicants who are not in a doctoral program currently.

Curriculum Vitae
Your curriculum vitae must be uploaded on the Supporting Details and Uploads tab. A curriculum vitae is a short account of one’s qualifications, training, career experiences, publications, professional presentations, etc. If you are a graduating senior, then you may not have one at this stage of your career. We strongly urge you to work with someone in your department to develop one. It is a standard document that will be used throughout your professional career.

Three Recommendations (Uploaded by Recommenders):
Please ask your recommenders to describe your strengths, weaknesses, and potential for developing as a practitioner. The very best types of recommendations come from faculty who are familiar with your academic work and services potential. Recommendations should be completed by three people most familiar with your academic accomplishments and/or experiences that demonstrate your ability and interest in pursuing a doctorate in psychology with a racial/ethnic minority focus. If you are in a doctoral program, please refer to the Addictions Training Plan section above and include a recommender who will assist you with your Addictions Training Plan. We discourage the use of a fourth recommender unless that individual will add a unique and significant contribution to your application. Contact the MFP office if you need to add a fourth recommender for this reason.

If you are already in a doctoral program, you must include a letter from your advisor(s). If you are in a doctoral program and do not yet have an advisor, you may use another recommender and should note this in your cover letter. If you have a clinical supervisor, we strongly suggest that one of your letters come from her/him.

A cautionary note: Missing recommendations account for most incomplete applications! Start early and work diligently with your recommenders to get them in on time.

Notifying Recommenders
- As soon as possible upon registering, please complete your recommender information. Go to the Recommenders Tab, and fill out the contact information for your recommenders. If you have co-advisors or co-chairs, they can write one combined letter or submit two separate letters. If they write a combined letter, please advise your recommenders that the letter should indicate that it was written jointly. After doing so, make sure to click the
button labeled “SAVE AS DRAFT”; you will then be able to Edit, Delete, or Email the Recommender.

- Once you have made sure that all the information submitted is correct, you may select the button labeled “Send Email Request to Recommender” which will generate an email from MFP to your recommenders, asking them to complete the recommendation form.

- Notify your recommenders that they will be receiving an email from mfp@apa.org and to have their spam filters allow the email which is needed to provide you with a recommendation. If they still do not receive the link, you may log back into your application and request that the link be resent.

- Check with your recommenders to make certain they have received this link prior to the application deadline. You will be able to send the links multiple times if necessary.

**Graduate Record Exam Scores**

Unofficial copies of your GRE score report can be uploaded via the application system. If you do not have an unofficial GRE report, please have your GRE scores forwarded to MFP (our institution code is 0187, our department code is 5199, and we are located in Washington, DC). While GRE scores are not used to select Fellows, they help us evaluate the effectiveness of our selection criteria, and the relevance of these scores to successful graduate school completion. They are required for the completion of your MFP application if you have taken the exam.

If you have any questions about our application process that are not addressed in these instructions, you may contact the MFP office at mfp@apa.org or (202) 336-6127.

We wish you much success in your graduate school training and as you apply for our fellowship!

**REMEMBER, THE APPLICATION DEADLINE IS JANUARY 15, 2020, 11:59pm Hawaiian Time**
